The Highland Group to Design-Build Second Location for Havron Endodontics

November 4, 2022 (Foley, AL) – The Highland Group, a real estate development and commercial construction firm, has been called on again by Havron Endodontics to provide design-build services for a new facility to serve their patients in Foley, AL. As the design-builder, The Highland Group will lead the design and construction stages of this project, in its entirety from start to finish, providing Dr. Jess Havron and his team with a first-class state-of-the-art facility to continue to serve their patients.

According to Dr. Havron, “About 10 years ago we partnered with The Highland Group to build our first office and they did a phenomenal job for us. Their team has been great for us as my team and I continue focusing on providing top-quality care to our patients we have the comfort and confidence that the Highland team is leading the design and construction of our new facility. Our patient's care is our top priority, and we look forward to serving them in our new location in early 2023.”

The Highland Group has tapped Myles York to lead the design-build of Havron Endodontics' new facility. “I enjoy working on projects in the healthcare industry,” said Highland's Project Manager, Myles York. “It is important to understand the patient experience and the quality of their care and make sure that shows up in the design and construction of the new facility.”
